Rejections Over Prior Art

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 1, 6, 10, 13, 16, 29, 31 and 32 remain rejected under 35 U.S.C. 102(e) as being anticipated by U.S. Patent Number 6,462,176 and US Patent Application Publication US2002/0192729 A1 (Ashkenazi-1 and -2), both cited by applicants. This rejection is maintained for reasons of record.

Applicants are advised that in order to provoke an interference, new rules apply. See MPEP 2300.
